

# 2020 Highlights

In response to the COVID pandemic, the Economic Development division put in place an Economic Development Action Plan with three phases each involving programs and outreach initiatives that would have immediate impacts, assisting Milton’s hardest hit sectors.

## Action Plan:

Despite a difficult year with new challenges, the Town of Milton remained active in pursuing long-term economic initiatives fundamental to the Economic Development Strategic Plan, supporting continued Industrial, Commercial and Institutional (ICI) development and providing assistance to our innovative local business community as they navigated some of the biggest challenges facing our community in the pandemic.
