				Phase 2	2/28/2024	2/24/2025	Completes Planning Act requirement for the assessment report for inclusionary zoning . The assessment report analyzes the needs for affordable housing in the Town. It will also analyze the potential impact on the housing market and the financial viability of development if inclusionary zoning by-laws are enacted.	The Town retained Parcel Economics Inc., to conduct an independent, third-party peer review of the Inclusionary Zoning Assessment Report, dated January 24, 2025. The purpose of the review is to satisfy O. Reg 232/18. The peer review identified certain elements of the assessment report which need to be revisited and supplemented. On May 12, 2025, the Province amended the Inclusionary Zoning regulation (O. Reg. 232/18) to establish the following limitations: 1. Within Protected Major Transit Station Areas, the required affordable housing set-aside shall not exceed 5% of total residential units that are part of the development; or 5% of the total floor area of all residential units that are part of the development (excluding common areas); and 2. Within Protected Major Transit Station Areas, the affordability period shall not exceed 25 years. These Province-wide caps apply as of May 12, 2025 and may result in less stringent affordability requirements.		2/24/2025 https://calendar.milton.ca/Meetings/Detail/2025-02-24-1900-Council-Meeting/bb012d31-ccc1-4801-98a8-b295014a2092	Since the introduction of Inclusionary Zoning frameworks, like in the City of Toronto, many in the development industry have raised concerns about the feasibility and financial implications of long-term affordability requirements – particularly in high-cost markets.
